

GRAND RAPIDS, MICH

Blue Sky Vision is pleased to announce the appointment of Jenny Fanning as Vice President of Information Technology. Mrs. Fanning brings over 30 years of Information Technology leadership to her role at Blue Sky Vision. Most recently, she was a Healthcare Consultant to local practices in the Greater Grand Rapids, Michigan area.

“The knowledge and expertise that Jenny brings to the Blue Sky Vision team will help us in positioning technology as an enabler to drive operational excellence,” said Surya Desiraju, COO of Blue Sky Vision.

Previously, Mrs. Fanning served as Director of Information Technology at West Michigan Heart and President and Chief Operating Officer of Computer Products and Resources. Her has extensive experience offering consulting services in the areas of NexGen-implementation process and technology optimization. She is a Lean Six Sigma Black Belt and NextGen-Certified Professional. Mrs. Fanning is a graduate of Northwestern University and received her MBA from Boston University.

Blue Sky Vision is dedicated to providing world-class support to leading providers of eye care services. Blue Sky Vision was created in early 2017 and is a partnership among doctors, members of the leadership team, and Sterling Partners. Our Purpose is to Lead the Way, Improve Sight, and Change Lives; our Vision is to be the model for unsurpassed patient experience, inspiring and empowering our team through innovation, dedication to excellence, and the creation of opportunity through growth.

To date, Blue Sky Vision partners include: Vitreo-Retinal Associates; Michigan Optical; Shoreline Vision; Walker Surgical Center; Lakeshore Eye; Surgical Care Center of Michigan; and Grand Rapids Ophthalmology.
